

CONGRATULATIONS TO RICHARD GROSSMAN AS A CLAY AWARD RECIPIENT

RICHARD GROSSMAN
Class Plaintiffs' Lead Counsel
*Antitrust Class Action
Against Sutter Health*

Pillsbury & Coleman, LLP congratulates its law firm colleague, Richard Grossman, on receiving this year's California Lawyer, Attorney of the Year award — as well as his California co-counsel and fellow CLAY award recipients at Farella Braun + Martel, McCracken Stemerman & Holsberry, and the California Attorney General's Office. Together with their Washington D.C. co-counsel, this remarkable team of attorneys pursued groundbreaking antitrust claims against Sutter Health in the California courts for over five years and obtained one of the largest all-cash antitrust class action recoveries in California history (\$575 million), as well as at least ten years of comprehensive injunctive relief that is widely expected to reinvigorate price and quality competition in the Northern California healthcare market. Pillsbury & Coleman heartily salutes the fine legal work performed by all.
